Gabe Magnotta

The G. Magnotta Foundation is named in memory of Gabe Magnotta, co-founder of Magnotta Winery, who passed away after a lengthy and courageous battle with Lyme Disease.

Like so many Lyme patients in Canada, Gabe didn't have answers from anyone for a very long time about his illness. His family learned first hand the difficulties Canadians face in receiving an immediate and accurate diagnosis.

Every day, more and more families begin their frightening struggle to find answers and proper treatment for their loved ones. The G. Magnotta Foundation will establish a central place for Canadians to turn to by conducting critical research that will lead to better testing and treatment.
