TIEN CHANG, ARTIST

Tien's work invites audiences to see the horse not merely as an animal but as a representation of a pure, wild, and free spirit, expanding the visual senses into a dimension of awe and wonder. His art is a true testament to his unique creativity and dedication to his craft.

Tien Chang is an acclaimed, Toronto-based artist with a special passion for horses. Born in 1951 in Taipei, Taiwan, Tien fell in love with the arts in his youth. Influenced early on by Chinese culture and Asian art, literature, humanity, and history, he found inspiration in Chinese ink-wash painting.

Tien's respect for and profound admiration of the natural world are evident in his work. The intentional use of shapes, lines, dots, shadows, and brushstrokes in his horse paintings masterfully captures the animal's grace, movement, and honesty.

The late Gabe Magnotta, co-founder of Magnotta Winery, cherished horses for their beauty and strength. It was no surprise that he would form a lifelong friendship with Tien Chang. Their love and mutual respect for horses inspired our collection of 100% Ontario EQUUS SERIES wines, created to honour the vitality, free spirit, and legacy of Gabe Magnotta.
